End Application:

B-1b aircraft age

Product Name:

Test fixture-shaker, horizontal stabilizer linkage

Functional Description:

Provides physical support for uut as required, and necessary electrical interface to the uut utilizing connectors p1 and p2 p/n ms27484t8f35p.

Used to test output and excursion

Reference Data And Literature:

To 35-1-271-2

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A505c0
