End Application:

F-15 tactical electronic warefaresystems

Special Features:

120.0vav, 60.0hz, 30.0 amperes; operating temp 10.0 to 30.0 degrees c, non-operating temp m20.0 to p70.0 degrees c; forced air cooling; 56.000 in h, 42.000 in w, 32.000 in d; 2200.0 lbs

Functional Description:

Design, development, maintenance, and control of all computer program configuration items

Reference Data And Literature:

T.O. 33d7-3-252-1

Supplementary Features:

Computer system digital an/usm-605

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A23800
