End Application:

Kc-135 aircraft main engine control

Special Features:

C/odistribution block, hydraulic fittings

Functional Description:

Used to distribute test fluid from pressure source to respective connectors called out in test schematic for compressor inlet temp and altitude sensor calibration

Reference Data And Literature:

To 6j3-4-113-4

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A505c0
