End Application:

B-1b a/c support equipment

General Description:

16 teeth 20/30 pitch 30 deg. Pressure angle; major diameter 0.882, minor diameter 0.733; used in conjunction with flange adapter to interface drive assembly to hydraulic components test stand

Fsc Application Data:

Constant speed drive, hydraulic motor

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
