End Application:

F-109-ga-100 support equipment

Special Features:

C/o a carrying case with high density foam insert to cradle individual components part of various steel adapters; each adapter will localize heat and reduce heating and normalization time of the interference fitting to the mating component

Fsc Application Data:

Electrical heater

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23800
