Overall Length:

38.000 inches

Overall Height:

32.000 inches

Overall Width:

38.000 inches

End Application:

F-15 acft

Component Quantity:

22

Locking Device:

Included

Locking Device Type:

Trunk latch

Special Features:

Used to protect microwave test station maintenance test package cable assemblies during storage and shipping

Material:

Steel

Material:

Steel

Supplementary Features:

Company item name-storage case, mts maintenance test package

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T358-a
