## NSN 4920-01-199-5316

Test Adapter - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/4920-01-199-5316

End Application:
B-1b aircraft age.
Test Item Connection Method:
Connector
Functional Description:
Provide fault isolation and repair verification at the depot level of maintenance
Supplementary Features:
Including software to provide thedata test stimuli, signal switching and measurement devices
Fsc Application Data:
Datsa-test station
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A537k0
