End Application:

Kc-135r aircraft age.

Special Features:

C/o fuel pump, mounting flange adapter, shaft power source, tachometer, torque meter, reservoir, fuel boost pump, pressure regulator, fuel filter, temperature indicator, pressure gage 5, turbine flowmeter 2, discharge valve, heat exchanger, bypass valve, differential pressure gage, valve, graduate; used in conjunction w/heat port adapter 216718, discharge adapter 216719, and inlet adapter 216720

Supplementary Features:

Company item name-adapter kit, fuel pump

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23800
