Major Components:

Wall, component assembly 1; resistor 3; diode 1; insulator 2; capacitor 1; lug, terminal 1

End Application:

An/usm-464 disseminator

Component Quantity:

9

Usage Design:

Wall, component mtg assembly

Mounting Configuration:

Mounted type

Fsc Application Data:

An/usm 464 disseminator

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
