End Application:

T-46a aircraft age

Test Type For Which Designed:

Cockpit, bleed air, and service lines

Special Features:

C/o test gage, flow meter, pressure regulator, automatic connection, external drain filter, gate valve, external air source connection, water drain line, case, bleed valve, aircraft pressure line; interface between approvedair compressor and aircraft pneumatic systems

Functional Description:

Used for pressure tests of cockpit, bleed air, and service air lines

Reference Data And Literature:

Serd no. 0073

Fsc Application Data:

Environmental control system

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T228-a
