Overall Length:

19.000 inches

Overall Height:

10.090 inches

End Application:

An-usm 603 test equipment

Component Type And Quantity:

1 chassis

Special Features:

Major components: circuit card assembly 1; memory assembly 1

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A51110
