End Application:

F100 aircraft eng

Nominalheight:

0.187 inches

Nominaldiameter:

19.757 inches

Special Features:

Material steel, dwg title loocator, fixture

Functional Description:

Used for aircraft engine maintenance

Reference Data And Literature:

Dwg no. Pwa52893

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A505c0
