End Application:

F-110-ge-100 engine

Product Name:

Aircraft engine test kit

Special Features:

Hc/o inlet assembly, exhaust nozzle assembly 2, data acquisition and readout system, fuel flow meter measuring unit, adapter nozzle hydraulic system and cap, isolation amplifier, cables, pressure connection panels 10

Reference Data And Literature:

Serd no. 5045

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
