End Application:

F16 aircraft support equipment

Test Item Connection Method:

Cable

Special Features:

Company item name-adapter, interface test-advanced/enhanced central interface unit; 28 x 18 x 7

Reference Data And Literature:

Serd no. 75525/e

Fsc Application Data:

Automatic test equipment

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A537k0
