End Application:
Gyro test station
Nominallength:
6.000 inches
Nominalheight:
3.500 inches
Functional Classification:
Gg-7.4
Special Features:
C/o base and plate; clamp; pad
Functional Description:
Used to hold gyro during balance test routine
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A505c0
