VION OTHER ACTION ACTIO
End Application:
Gg1111 organic depot
Special Features:
Matl: tooled aluminum
Functional Description:
Used to accurately position the gg1111 gyro's in 6 orthogonal orientations during manual balancing procedure done on electrical centering
station and calibration station
Reference Data And Literature:
Serd no. Hi-009
Shelf Life:
N/a
Unit Of Measure:
<del></del>
Demilitarization:
No
