End Application:

Kc-135r aircraft age

Nominallength:

11.000 inches

Nominalwidth:

6.000 inches

Special Features:

C/o table; 3 clamps and locators for nozzle, with a sweep gage to provide a means for measurement

Functional Description:

Verifies the inlet fitting is installed and tac welded at correct angle prior to circumferential weld of inlet end fitting

Reference Data And Literature:

Serd no. Cfc 3466

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A505c0
