End Application:

Gg1111 organic depot

Nominallength:

1.120 inches

Nominalwidth:

1.002 inches

Nominaldiameter:

0.940 inches

Special Features:

Matl: stainless steel

Functional Description:

Provides the means to attach the gyro header and the case assembly to the laser welder table and allows rotation of the gyro assembly

Reference Data And Literature:

Serd no. Hi-076

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A505c0
