End Application:

4920-01-234-9796 puller

Model Number:

Iw100mf/powerpak

Functional Description:

Split sleeve cold expansion process, stdn 6-3-n

Reference Data And Literature:

Mfr tooling cat, table 2 and para 3.3

General Description:

Matl steel comp 301 or 302 full hard; prelubricated; fin. New hole diameter 0.2400 to 0.2585 in.; 0.750 in. Lg/matl thk; split design; mates w/ mandrel p/n cbm-6-3-n-1-20-v1

Type/model Designation:

Lb-20

Fsc Application Data:

Aircraft maint. Spcl equip.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
