End Application:

Pacer special; f118-ge-100 engine age.

Functional Classification:

Gg-7.3

Reference Data And Literature:

Serd no. 0197

Supplementary Features:

The g05 test stand differs from the g04 by having the additional capability to test the fuel pumps of the f110-ge-129 engine. The fuel pump test stand retrofit kit 1412m89g01 contains all the necessary parts to rework the g04 test stand to the g05 configuration per serd 1731

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
