Major Components:

Printed wiring board 1; header key 12; resistor 34; rail assembly 4; end plate 2; card guide 62; connector 30; receptacle 9; air baffle 2; resistor network 4; and assorted hardware

End Application:

An/gsm-285 test equipment

Component Quantity:

161

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T01200
