Electrical-electronic Equipment Test Station - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/4920-01-289-0771

Usage Design:
Automatic test system
Functional Description:
Provides all functional testing requirements for a uut, including cooling air, power, load, stimulus and measurement functions
Fsc Application Data:
B-1b, f-16a/b, a-7, b-52 aircraft age
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
