Nominal length:

2.430 inches

Nominal width:

2.250 inches

Nominal height:

0.750 inches

Functional Classification:

Gg-7.4

Functional Description:

Used on the crane hydro-air servo valve assembly to flow hydraulic fluid to flush servo valve body; used on kc-135 acft

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A505c0
