Special Features:

Sc/o front mount assembly; rear mount assembly; inlet tooling; airflow probes and sensors; starter/gearbox assembly; fuel inlet assembly; fuel inlet shutoff valve; bleed blankoff hardware; throttle actuator; system computer; voltmeter; function simulator; control panel; aux. Control panel; data bus monitoring system; digital display unit; pressure signal conditioner; position sensor; vibration sensors; cable set and j box; tubing set; tank fill system; oil filter system; drain system; preservation system; digital airflow gauges; electronic cooling circuit; temperature thermocouple; blankoff panels; centering assembly; bleed system; clamp assembly; modified printed circuit board; fan and core indicators; fuel storage/supply system

Functional Description:

Used on the test stand to test the f110-ge-100 and f110-ge-129 engine

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fiig:

A23800
