Overall Length:

25.000 inches

Overall Height:

8.710 inches

Overall Width:

19.000 inches

End Application:

4920-01-288-6790; f-15 aircraft

Product Name:

Test load assembly

Special Features:

C/o ac power receptacle; load control; load monitor; front panel; air intake; handles; interface bus; test module adapter; built-in-test; fan; connectors; circuit breaker; chassis

Functional Description:

Used during testing on the f-15a/b/c/d/e/ acft

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
