End Application:

An/alq-161; b-1b aircraft age.

Functional Classification:

Aa-12.11

Special Features:

11.400 in. H, 8.600 in. W, 3.470 in. D; 6.40 lbs; power req, 100/115/200/230 vac + or - 10%, 48-62 hz 50 va max.

Functional Description:

Performs electrical tests/fault isolation of sru digital radio freq memory p/n 751500-3

Reference Data And Literature:

Serd no. 76w-12c

Supplementary Features:

Offers up to 6 analog-output channels

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A537k0
