End Application:
An/alq-161; b-1b aircraft age.
Functional Classification:
Aa-12.11
Special Features:
11.400 in. H, 8.600 in. W, 3.470 in. D; 6.40 lbs; power req, 100/115/200/230 vac + or - 10%, 48-62 hz 50 va max
Functional Description:
Performs electrical tests/fault isolation of sru digital radio freq memory p/n 751500-3
Reference Data And Literature:
Serd no. 76w-12c
Supplementary Features:
Offers up to 6 analog-output channels
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A537k0
