End Application:

B-52 aircraft age.

Product Name:

Pulse transformer oil processing station

Special Features:

C/o red point vacuum oven 1, pulse transformer support stand 6, pulse transformer fill funnel 6, pulse transformer overflow adapter 6, and bellows adjusting tool 1; vacuum oven is 56.000 lg, 84.000 in. H. 33.000 in. D., oven requires electrical service w/line voltage of 230 volts, 3 phase, input pwr 5350 watts

Functional Description:

Used to provide the capability to refill the strategis radar transfer p/n 2251-10860 with dc 550 silicon oil

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
