End Application:

C-17 aircraft support equipment

Test Item Connection Method:

Connector

Special Features:

To name: adapter, cable breakout, 79 conductor

Functional Description:

Used to test various wing component actuators and control assemblies

Reference Data And Literature:

To 1c-17a-4-4

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A537k0
