**End Application:**

C-17 aircraft support equipment

**Test Item Connection Method:**

Connector

**Special Features:**

To name: adapter, cable breakout, 79 conductor

**Functional Description:**

Used to test various wing component actuators and control assemblies

**Reference Data And Literature:**

To 1c-17a-4-4

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A537k0
