End Application:

4920-01-250-6953

Criticality Code Justification:

Feat

Special Features:

C/o connector, rcpt 11; connector, elec, test point 24; connector, elec 6; connector, plug 6; power supply 2; meter, time; reactor; switch 2; backshell, extender; resistor, fixed 12; adapter, elec; filter, rf 24; terminal, stud 9; circuit card assembly 9; fan, uaneaxial; capacitor, fixed; circuit breaker; lamps, glow; cover assembly; mount; chassis, subassembly; panel 2; bracket; sheild, fan; indicator; post elec. 2; extractor assemblt; cover 3; printed cable assembly 2; lampholder, housing; electrostatic discharge sensitive

Functional Description:

Used on the self contain navigational system; used on the c-130 acft

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T228-b
