End Application:

C-17 aircraft age

Special Features:

Mtbr for the wheel speed transducer, wuc 13jgj, is 1137 hrs; test adapter used in conjunction with: test set, indicator-generator, tachometer; test cable-wheel speed transducer and breakout adapter; breakout adapter; decade resistor and capacitor; oscilloscope

Functional Description:

Used to attach the wheel speed transducer to the tachometer test set

Fsc Application Data:

Tachometer test set

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
