End Application:

F110-ge-100 intermediate test cell adapter kit

Product Name:

Positioner throttle

Special Features:

C/o actuator, power lever; control assembly, engine; bracket actuator mount; support, synchro; guard; adapter, shaft; coupling, shaft; connector

Functional Description:

Used during testing the f110-ge-100 engine

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
