**End Application:**

C-17 aircraft ground support equip

**Nominal length:**

4.000 inches

**Nominal width:**

3.000 inches

**Nominal height:**

3.000 inches

**Special Features:**

Aluminum, anodized

**Functional Description:**

Used as test fixture of solenoid control valve of thrust reverser

**Reference Data And Literature:**

Serd no. 450100

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A505c0
