Nominal length:

17.000 inches

Nominal width:

14.000 inches

Nominal height:

14.000 inches

Special Features:

Matl: steel/aluminum; 6.0 lbs

Functional Description:

Used to handle overhauled generator assembly during painting

Reference Data And Literature:

Serd no. 420018

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A505c0
