End Application:

F101-ge-102, f110-ge-100, f118-ge-100, f110-ge-129 engine

Product Name:

Pyrometer test stand

Special Features:

Stand includes all necessary instrumentation cabling power conditioning/environmental control chamber; c/o blackbody system, radiometer system, and environmental chamber

Functional Description:

Stand is capable of performing acceptance testing of the f101-ge-102, f110-ge-100, f118-ge-100 and f110-ge-129 turbine metal temperature detector

Reference Data And Literature:

Serd no. 1724

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
