End Application:

B-1b aircraft age.

Special Features:

C/o torque motor; amplifier assembly; adapter manifold

Functional Description:

Provides proper base/frame for correct installation/alignment of parts into servovalve torque motor body. Also equipped w/alignment pin for proper orientation of assembly parts

Reference Data And Literature:

Serd no. 14j58c; rcn: 10208-612-2030

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:
