**End Application:**

B-1b aircraft support equipment

**Special Features:**

C/o fail safe test fixture body, dummy actuator-684v series, plug and pin

**Functional Description:**

Used to perform a fail safe test on the liquid coolant loop thermal bypass valve

**Reference Data And Literature:**

Serd 41j22c

**Fsc Application Data:**

Test stand, liquid coolant component

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A23800
