**End Application:**

F-16 c/d ground support equip

**Functional Classification:**

Aa-9.3

**Functional Description:**

Provides the test instrumentation and power necessary to test the functional performance fo the differential pressure transducer

**Reference Data And Literature:**

Serd item no. 41280

**General Description:**

18.000 in. L, 24.000 in. W, 18.000 in. H

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No
