End Application:

C-17 acft

Nominallength:

4.000 inches

Nominaldiameter:

2.000 inches

Special Features:

Matl: steel; finish: black

Functional Description:

Used during dynamic balancing of the turbine assembly

Reference Data And Literature:

Serd 450163

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A505c0
