End Application:

F100-pw-220/229 aircraft engine

Special Features:

USED-WI-THB-ORES

Functional Description:

Used to position and secure the rigid borescope for airfoil inspection, defect measurement and photographs

Reference Data And Literature:

Serd no. 6274

Supplementary Features:

Company item name-adapter kit

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A23800
