**Overall Length:**

16.000 inches

**Overall Height:**

2.000 inches

**Overall Width:**

4.000 inches

**End Application:**

F-15e

**Test Item Connection Method:**

Connector

**Special Features:**

Company name-test package, digital module, aiu discrete inputs

**Functional Description:**

This adapter test provides the electrical & mechanical interface between the test station 4920010849375 and the aiu discrete inputs cca

**Reference Data And Literature:**

Serd no. 8863

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A537k0
