End Application:

Low altitude navigation and targeting infrared system

Nominal length:

4.630 inches

Nominal width:

4.180 inches

Nominal height:

4.500 inches

Special Features:

Steel details w/black oxide

Functional Description:

Used to locate rack adaptor and rack with moveable wedge for drilling operation

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A505c0
