**End Application:**

Low altitude navigation and targeting infrared system

**Nominal length:**

4.630 inches

**Nominal width:**

4.180 inches

**Nominal height:**

4.500 inches

**Special Features:**

Steel details w/black oxide

**Functional Description:**

Used to locate rack adaptor and rack with moveable wedge for drilling operation

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A505c0
