**Major Components:**

1bar, 4 angle, 1 plate, 2 brackets, 2 standOff's

**End Application:**

Digital test station

**Component Quantity:**

6

**Special Features:**

Connection method - cables

**Functional Description:**

Used to check subsystem of test station

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T01200
