Specific Usage Design:

Alignment tool to facilitate bolting of separate engine assemblies

Nominallength:

60.960 inches

Nominaldiameter:

0.747 inches

Special Features:

Lug pin, cres 17-4pm; handle, al alloy 6061; hard anodize per mil-a-8625, type iii; heat treatment rc 40 min.

Type/model Designation:

Avibank 55192

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A505c0
