End Application:

Fuel pump test stand p/n 833518-2

Nominaldiameter:

24.000 inches

Special Features:

Material: plate aluminum with flange stainless tubing flexible

Functional Description:

The adapter plate is used to interface with the test tank of the fuel pump test stand to hold the pump during reapiers

Unpackaged Unit Weight:

25.000 pounds

Reference Data And Literature:

Serd no. 460046

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A505c0
