End Application:
Fuel pump test stand p/n 833518-2
Nominaldiameter:
24.000 inches
Special Features:
Material: plate aluminum with flange stainless tubing flexible
Functional Description:
The adapter plate is used to interface with the test tank of the fuel pump test stand to hold the pump during reapirs
Unpackaged Unit Weight:
25.000 pounds
Reference Data And Literature:
Serd no. 460046
Shelf Life:
N/a
Unit Of Measure:

Demilitarization:
No
Fiig:
A505c0
