Current Type:

Ac or dc

End Application:

Support equipment, f-15e aircraft

Usage Design:

Individual hydraulic units

Installation Design:

Fixed

Power Source:

Electric motor

Pressure Rating:

4500.0 pounds per square inch

Engine Driven Hydraulic Pump Testing Design Feature:

Not included

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T361-e
