**End Application:**

4920-01-327-5994

**Nominallength:**

1.000 inches

**Nominaldiameter:**

0.750 inches

**Special Features:**

Stop, aft; steel, sae 4140-4142 rockwell hardness 38-42

**Functional Description:**

Used to locate, drill and ream forward and aft lug bushing holes after welding, repair and machining

**Reference Data And Literature:**

Ge drawing no. 3c4107

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A505c0
